

# PECB NIS 2 Directive Foundation

*Become acquainted with the basic concepts and requirements of NIS 2 Directive.*

## Why should you attend?

The NIS 2 Directive Foundation training course provides an introduction to the NIS 2 Directive, aiming to help organizations enhance their cybersecurity in the face of ever-emerging cyber threats. This legislation serves a central role in strengthening cybersecurity within critical infrastructure sectors such as energy, transport, healthcare, and digital services. The PECB NIS 2 Directive Foundation training course covers the fundamental concepts related to the Directive's requirements. It provides information that will help you understand the best practices for protecting critical infrastructure from cyber threats.

After attending the training course, you can take the exam, and if you successfully pass it, you can apply for a "PECB Certificate Holder in NIS 2 Directive Foundation" credential.

---

## Who should attend?

- Cybersecurity professionals seeking to gain a fundamental understanding of the requirements of the NIS 2 Directive and learn practical strategies to implement robust cybersecurity measure
- IT managers and professionals aiming to gain fundamental insights into implementing secure systems and improving the resilience of critical systems
- Government and regulatory officials responsible for enforcing the NIS 2 Directive

---

## Learning objectives

- Explain the fundamental concepts and definitions of NIS 2 Directive
- Interpret the main requirements of the NIS 2 Directive for a cybersecurity program
- Identify the approaches and techniques used for the implementation of NIS 2 requirements

## Course agenda

**DAY 1** Introduction to fundamental concepts and definitions of NIS 2 Directive

**DAY 2** NIS 2 Directive requirements for the implementation of a cybersecurity program

## Training materials

The participant will receive training material containing more than 200 pages of information and practical examples in electronic form via the KATE app. In the full-time course, the participant will also receive printed training materials.

## Examination

The “PECB NIS 2 Directive Foundation” exam meets the requirements of the PECB Examination and Certification Program (ECP). It covers the following competency domains:

**DOMAIN 1** Fundamental concepts and definitions of NIS 2 Directive  
**DOMAIN 2** NIS 2 Directive requirements

The exam consists of 40 multiple-choice questions (a, b, c) and is closed book, i.e. no materials can be used. The exam takes 1 hour and can be taken online or in person. If you do not pass the exam, you can retake it free of charge within 12 months.

For specific information about exam types, languages available, and other details, please visit the [List of PECB Exams](#) and the [PECB Examination Rules and Policies](#).

## Certification

Designation	Exam	Professional experience	Project experience
PECB Certificate Holder in NIS 2 Directive Foundation	NIS 2 Directive Foundation	None	None
